

Registration and Application

1. If I had applied last year, can I re-apply this year?

You cannot reapply to this program if you had applied in any of the previous years.

2. I had registered in the Unilever job portal before. Can I use the same e-mail and password?

If you have registered in the Unilever job portal before, you can use the same e-mail and password.

3. What can we do if we forget the username/password that we registered with?

If you forget the password, please click the 'Forgot your Password?' option and an email will be sent to you with instructions on how to reset your password.

4. Is it mandatory to have a LinkedIn account to fill up the application form?

No, it is not mandatory. You can manually fill up the online application form. However, if you have a LinkedIn account, it will autofill your application and will take you less than 20 minutes to complete the UFLP application!

5. Can we edit the application once submitted?

Once the application is submitted, you cannot change the details. Hence, please read the instructions and fill out the form carefully.

6. Will we receive a notification upon completion of application? What should we do if we do not receive any email?

Yes, you will receive a confirmation email upon registration.

Notification emails may end up in the junk folder or promotions folder. Please check your inbox, promotions or spam folder. If you still haven't received it, please contact your respective campus ambassador or message at our Unilever Careers page.

Gamification, Digital interview and Discovery Center

7. How long will it take to finish the gamification round?

The games will take approximately 25-30 minutes to play through in total.

8. How long will it take to finish the digital interview?

It will roughly take 30 minutes to complete the digital interview.

9. How can I prepare for the profile assessment games?

No preparation is needed - and no gaming experience is required for you to play these games.

10. How can I prepare for the digital on demand interview?

- Create a distraction-free environment. It is important to treat the on demand interview as though it was a face-to-face interview.
- Log in early to run the system set up; check your camera, connection and microphone.
- Look at the camera, not at the screen. Looking at your webcam while speaking gives the feeling of eye contact to the assessor.
- Dress as you would for a traditional face-to-face interview.
- Do the practice questions. Attempting the practice questions will help you get comfortable with the style and pace of an on demand interview. The practice questions are NOT real questions from your interview set, and will not be assessed by Unilever.
- Listen carefully to the questions. Have pen, paper, and calculator on hand. Work out the answer before you start recording your answer.

11. Do we have to respond in English for the digital interview?

Yes, digital interviews will need you to respond in English.

12. What happens if the internet cuts out midway while playing the games or interview?

It is advisable that you play the games in a laptop/computer and ensure secure and stable internet connection before starting the gamification round. However, if the internet connection is lost while playing the games, you can log back in and continue where you left off.

13. After the gamification round, I received a feedback report about how I was fit for a role, yet received a rejection.

The feedback that you will receive from the gamification website after you complete the round, may not reflect the “person-job fit” standard that Unilever has set for Unilever Future Leaders Programme.

14. I had a prior account in the gamification website. Can I use the same account while applying for UFLP?

Using any prior account in the gamification website will send us your previous results and feedback, and will not allow you to sit for those tests again.

15. Who do we contact for technical assistance?

For any assistance, please inbox your queries in our Facebook careers page. Please find the link below:
